## Rally Turkey: Puncture relegates ŠKODA's Jan Kopecký to second position in WRC 2 Pro

- › ŠKODA FABIA R5 evo crew Jan Kopecký/Pavel Dresler lost the lead in the WRC 2 Pro category after they collected a puncture on day 3 of Rally Turkey, eleventh round of the FIA World Rally Championship 2019
- › WRC 2 Pro championship leaders Kalle Rovanperä/Jonne Halttunen (ŠKODA FABIA R5 evo) re-started after their Fridays tire mishap, now targeting championship points
- › ŠKODA privateer Kajetan Kajetanowicz is still leading the WRC 2 category for private teams and is also first among the competitors in R5 cars

Marmaris, 14 September 2019 – Jan Kopecký and Pavel Dresler (CZE/CZE) had bad luck during day 3 of the eleventh round of the FIA World Rally Championship, Rally Turkey Marmaris (12/09–15/09/2019), when they lost the lead of the WRC 2 Pro category due to a puncture. Their teammates Kalle Rovanperä and co-driver Jonne Halttunen (FIN/FIN) re-started on Saturday and now have valuable points for the WRC 2 Pro drivers' and manufacturers' championship in sight. Driving a ŠKODA FABIA R5, Kajetan Kajetanowicz (POL) is still leading the WRC 2 category for private teams on Saturday evening, he is also first among the competitors driving R5 cars.

The Saturday (14 September) of Rally Turkey Marmaris brought six more stages covering 110.10 kilometres. Already on Friday Kalle Rovanperä and co-driver Jonne Halttunen (FIN/FIN) hit bad luck. They had to retire after three punctures on their ŠKODA FABIA R5 evo, literally running out of spare wheels. They re-started on Saturday and their mission was clear: to bring the car to the finish and to collect as many points as possible for both the drivers' and manufacturers' category of the WRC 2 Pro championship. The two Finns strictly followed that plan, safely reaching the leg's finish on Saturday evening.

Jan Kopecký and co-driver Pavel Dresler found themselves in a solid lead of the WRC 2 Pro category on Friday evening. But the Czech Rally Champion Kopecký was cautious. "This rally with tough gravel roads and big stones is unpredictable. Not to collect a puncture, is very much depending on good luck," he said. The opening on Saturday morning was more than 33 kilometres long, a tough wakeup for the surviving crews at Rally Turkey Marmaris. Jan Kopecký had a smooth and controlled ride with his ŠKODA FABIA R5 evo and confessed: "It's all about finding a good rhythm and avoiding mistakes." The Czech Rally Champion finished the morning loop in a commanding lead of the WRC 2 Pro category.

After the midday service, Jan Kopecký and co-driver Pavel Dresler started into the repetition of the longest stage of the day, the 33 kilometres of "Yesibelde". After 14 kilometres, they collected a puncture on their ŠKODA FABIA R5 evo and had to change the wheel in the stage. The time loss was more than two minutes, eventually costing the category lead. On the next stage, Jan Kopecký switched to attack-mode and on only 8.5 kilometres reduced the gap to the leading Ford driver Gus Greensmith by 14.5 seconds. "It is difficult for us, but we will try – that's all I can say," commented Kopecký at the finish of the stage. After collecting another slow puncture, he had no spare wheel left and had to play it safe in the last stage. Actually, it is Kopecký's main mission to save ŠKODA important points for the manufacturers championship of the WRC 2 Pro category.

## ŠKODA Motorsport Overview

2018 was the most successful year in the history of ŠKODA Motorsport so far. Jan Kopecký/Pavel Dresler (CZE/CZE) became WRC 2 champions and managed to win the Czech Rally Championship (MČR) for the fourth consecutive time. 2017 WRC 2 winners Pontus Tidemand/Jonas Andersson finished second overall, and youngsters Kalle Rovanperä/Jonne Haltunen (FIN/FIN) completed a pure ŠKODA podium in the final standings of the 2018 FIA World Rally Championship's WRC 2 category. For the fourth time in a row ŠKODA Motorsport won the WRC 2 Championship for Teams.

The success story of the Czech brand took place worldwide. The private ŠKODA driver Yuya Sumiyama and navigator Takahiro Yasui from Japan won the 2018 FIA Asia-Pacific Rally Championship (APRC), Manvir Singh Baryan/Drew Sturrock (KEN/GBR) took the title win in the FIA African Rally Championship (ARC). After winning the FIA South American Rally Championship (CODASUR) in 2013, 2016 and 2017, ŠKODA crew Gustavo Saba/Fernando Mussano (PRY/ARG) again were successful. On top of that, ŠKODA crews won 17 national championships.

The ŠKODA FABIA R5, a high-tech 4x4, was homologated by the International Automobile Federation FIA on 1 April 2015. ŠKODA's new FABIA R5 is successfully continuing the long tradition of ŠKODA Motorsport. Its predecessor, the FABIA SUPER 2000, won 50 national and international titles around the world.

ŠKODA has been successful on the motorsport scene since 1901. Be it on the circuit or in rallies, ŠKODA has celebrated victories and won titles all around the world. Historical highlights include winning the title in the FIA World Rally Championship (WRC 2) for the first time in 2016, numerous title wins in the FIA European Rally Championship (ERC), the FIA Asia-Pacific Rally Championship (APRC) and the Intercontinental Rally Challenge (IRC), as well as the victory in the European Touring Car Championship in 1981. ŠKODA teams have also triumphed in the world's oldest and most famous rally, taking several class victories in the legendary Monte Carlo, which was first held in 1911.
