ŠKODA OCTAVIA RS: Powerful design

- › Radiator grille and wing mirrors in gloss black as a typical distinguishing feature
- › Full LED Matrix headlights, full LED tail lights, black 18-inch alloys and red brake callipers as standard

Mladá Boleslav, 30 November 2020 – RS models traditionally look much more dynamic than other OCTAVIAS. Exclusive black design details accentuate the car's sporty appearance. Standard features include full LED Matrix headlights and full LED tail lights with dynamic indicators, and an animated Coming/Leaving Home function.

The ŠKODA OCTAVIA RS comes with full LED Matrix headlights and full LED tail lights, which includes dynamic indicators and an animated Coming/Leaving Home function as standard. In addition to specific front and rear aprons, numerous black design details give the car its RS-typical sporty appearance. RS logos on the radiator grille and tailgate are inspired by ŠKODA's motorsport tradition. The striking ŠKODA grille, the front diffuser and the air curtains located above the tinted LED fog lights are all designed in gloss black. The wing mirror housings, the window frames, the COMBI's roof rails and aeroflaps at the rear, as well as the diffuser on the rear apron, the ŠKODA lettering on the tailgate and the hatchback's RS rear spoiler all come with a black finish. The COMBI's roof spoiler is body-coloured. There is a choice of ten paint finishes, including the standard colour Mamba Green (to follow in the first half of 2021).

18- or 19-inch alloy wheels and larger dimensions

RS models feature black 18-inch alloy wheels as standard; the brake callipers boast an eye-catching RS-typical red finish. 19-inch alloys are available as an option.

Dimensions of the current OCTAVIA RS at a glance:

Dimensions	OCTAVIA RS	OCTAVIA COMBI RS
Length [mm]	4,702	4,702
Width [mm]	1,829	1,829
Height [mm]	1,457	1,455
Wheelbase [mm]	2,681	2,681
Kneeroom [mm]	78	78
Boot capacity [l]	600	640

ŠKODA AUTO

- › is this year celebrating 125 years since the company was founded during the pioneering era of the automobile in 1895, making it one of the longest-established car manufacturers in the world.
- › currently offers its customers ten passenger-car series: the CITIGO® iV, FABIA, RAPID, SCALA, OCTAVIA and SUPERB as well as the KAMIQ, KAROQ, KODIAQ and ENYAQ iV.
- › delivered 1.24 million vehicles to customers around the world in 2019.
- › has been part of Volkswagen Group since 1991. Volkswagen Group is one of the most successful vehicle manufacturers in the world. In association with the Group, ŠKODA AUTO independently develops and manufactures vehicles, as well as components such as engines and transmissions.
- › operates at three locations in the Czech Republic; manufactures in China, Russia, Slovakia and India mainly through Group partnerships, as well as in Ukraine and Kazakhstan with local partners.
- › employs approximately 42,000 people globally and is active in more than 100 markets.
- › is pressing ahead with the transformation from a traditional car manufacturer into the 'Simply Clever company for the best mobility solutions' as part of the ŠKODA 2025 Strategy.
