

# Škoda L&K 130

## Exterior

Sliding tailgate with electromechanical rack and pinion mechanism, operated via button

Shortened roof rails

Modified B- and C-pillars

Red-white-gold-black body colour echoing the original Laurin and Klement logo

Sliding right rear door with unique lever, specially designed for the Škoda Student Car

Combi luggage compartment converted to pickup bed with an extendable platform

Tailgate bike carrier using the standard Škoda rack. With the tailgate closed, the bikes tilt at a 35° angle; when opened, they slide down to a horizontal position for easier removal

19" Supernova alloy wheels
