

Škoda Auto Group in 2025

Strong international sales momentum drives record financial performance. Substantial growth across all key financial figures.

In 2025, the Škoda Auto Group delivered another record year, achieving **new highs in both** sales revenue of €30.1 bn (+8.3%) and operating profit of €2.5 bn (+8.6%) and **maintaining** a solid return on sales of 8.3%. Worldwide, deliveries to customers rose to 1,043,900 vehicles (+12.7%).

2025 Highlights

 **1,043,900 vehicles delivered worldwide**

A +12.7% year-on-year increase, marking Škoda's **strongest delivery result** in six years.

 **Europe: 3rd overall; 4th among EVs**

For the first time, Škoda ranked third overall in Europe (EU27+4), with **840,295 registrations** (+9.6%), and placed fourth among EV manufacturers, driven by strong demand for the Elroq and the Enyaq family.

 **Electrified share in Europe exceeds 25%**

BEV and PHEV models accounted for **25.7% of deliveries in Europe** (EU27+4). More than one in four vehicles was delivered with a plug.

2026 Outlook

 **Two all-new models to double all-electric portfolio in 2026**

The fully electric urban SUV crossover Epiq and the large seven-seater family SUV Peaq will broaden customer choice and make electric mobility **accessible to wider customer groups**.

 **Transformation on track**

Škoda Auto's transformation continues, supported by expanded battery systems production, efficiency gains through **digitalisation and AI**, and a broad portfolio of 14 model lines with ICE, hybrid and fully electric drivetrains by 2026.

 **Synergies within the Brand Group Core and the Volkswagen Group**

Close cooperation within the Brand Group Core and the wider Volkswagen Group supports **efficiency and competitiveness** in a fast-changing market.
